ESCROW ACCOUNT REQUIREMENTS

In order to expedite the issuance of single trip overweight/over-dimensional permits, Vermont will allow carriers to establish and maintain an escrow account. The escrow account allows you to fax your permit directly to the Permit Unit where it will be reviewed, if approved the permit fee will deducted from your escrow account and the permit faxed back to the number you indicate. If the permit is denied for any reason a return letter will be faxed indicating the reason or correction that needs to be made.

A balance of \$35.00 must be maintained in the escrow account. Deposits into the escrow account must be made by check or money order and made payable in US Funds to the VT DMV. The initial deposit should be determined by multiplying the approximate number of over dimensional trips per month by the permit fee.

All single trip permit requests must be faxed to the Permit Unit at 802-828-5418. Permits will be issued Monday through Friday from 7:45 to 4:15.

The following information is required when requesting to establish an escrow account:
