Certification

I understand this Agreement shall include my commitment to fulfill the program requirements, which shall include completing the program **in its entirety**, for the required length of time. If I choose to participate in the program by installing an IID, I will not remove the IID from my vehicle until I have fulfilled the terms of restoration described in this Agreement.

I understand I must have an Ignition Interlock Device (IID) in each vehicle I operate during the entire time I am subject to the requirements of an Ignition Interlock Device Restricted Driver's License (RDL).

I understand if I remove the IID from my vehicle before I am eligible to do so, I will be suspended for the remaining term of my original alcohol-related suspension. I understand a new suspension with a 10-day lead time will be mailed to me; and the lead time (and Departmental processing time) will **not** be counted towards my suspension.

I understand the device must be calibrated (or swapped out, if applicable) in accordance with Vermont Ignition Interlock Laws and the Ignition Interlock Program Rules.

I understand that any violation of the terms outlined in the Vermont Ignition Interlock Laws and the Ignition Interlock Program, may result in sanctions being imposed.

I have reviewed, and understand, the Vermont Ignition Interlock Program Frequently Asked Questions.

I fully understand I am entering into an agreement with the Vermont Department of Motor Vehicles, for which I agree I will abide by the Vermont Ignition Interlock Laws, and the Ignition Interlock Program Rules.

Violations / Extensions

I understand the following violations will result in an extension of my IID requirements: If you make **three (3)** attempts to **start** a vehicle with a BAC of .04 or above, your IID requirements will be extended for a period of three (3) months.

- ♦ Any **subsequent** 3 attempts to start a vehicle with a BAC of .04 or above, will result in additional three (3) month extensions which will run consecutively (following one after the other).
 - **Example:** If your IID requirements were to end on January 1, 2016; but you made 3 attempts to start a vehicle with a BAC of .04 or above, your IID requirements would have been extended until April 1, 2016. If you make another 3 attempts to start a vehicle with a BAC of .04 or above, your IID requirements will be extended another 3 months; until July 1, 2016.
1. If you fail **one (1) random retest** due to a **BAC of .04 or above, but less than .08**, your IID requirements will be extended for a period of three (3) months.
 - ♦ Any **subsequent** random retest failures due to a BAC of .04 or above, but less than .08, will result in additional three (3) month extensions which will run consecutively (following one after the other).
 - **Example:** If your IID requirements were to end on January 1, 2016; but you failed a random retest due to a BAC of .04 or above, but less than .08, your IID requirements would have been extended until April 1, 2016. If you fail another random retest due to a BAC of .04 or above, but less than .08, your IID requirements will be extended another 3 months; until July 1, 2016.
 2. If you fail **one (1) random retest** due to a **BAC of .08 or above**, your IID requirements will be extended for a period of six (6) months.
 - ♦ Any **subsequent** random retest failures due to a BAC of .08 or above will result in additional six (6) month extensions which will run consecutively (following one after the other).
 - **Example:** If your IID requirements were to end on January 1, 2016; but you failed a random retest due to a BAC of .08 or above, your IID requirements would have been extended until July 1, 2016. If you fail another random retest due to a BAC of .08 or above, your IID requirements will be extended another 6 months; until January 1, 2017.
 3. If you (a) operate a motor vehicle not equipped with an IID, or (b) attempt to tamper with or circumvent the device, or (c) failure to pullover after failing a random retest; your IID requirements will be extended for a period of six (6) months.
 4. If you miss a required service visit to have the IID calibrated, your IID requirements will be extended for a period of sixty (60) days.
