 120 State Street
 Montpelier, Vermont 05603-0001
 802.828.2000
dmv.vermont.gov

The undersigned designated official hereby certifies that he/she has examined the vehicle described below and that the vehicle meets the definition of a "**Street Rod**" or "**Replica of a Street Rod**" as set forth in Section 10 of the Vermont Periodic Inspection Manual.

- Street Rod (SR) - The vehicle has a body and frame that was manufactured prior to the year 1949 and has been modified; or
- Street Rod Replica (SRR) - The vehicle is a replica of a pre-1949 body and frame and has been modified.

For purposes of this certification, the word "modified" means, but is not limited to, a substantial and material alteration or replacement of the engine, drive-train, suspension or brake system, or alteration of the body which may be chopped, channeled, sectioned, filled or otherwise changed dimensionally from the original manufactured body. The word "replica" means a body and/or frame commercially manufactured which resembles that of the original vehicle and which retains the basic style and dimensions as originally manufactured and whose major components such as grill shell, hood, doors, etc. are readily interchangeable with the original pre-1949 component.

Name of Business
Date
NOTICE:

This document is NOT a certificate of title or registration, nor does possession of this document mean that the vehicle described herein has been inspected and found fit to be driven on any highway in this State.

INSTRUCTIONS:

1. This Certificate of Verification for a Street Rod or Replica of a Street Rod must be completed and submitted along with a completed Vermont Registration form (VD-119) to register a vehicle as a street rod and display Vermont "Street Rod" license plates issued by the Department of Motor Vehicles. Vehicles must be inspected within 15 days of registration. One copy (Owner's Copy) of the Certificate of Verification must be available for examination by the mechanic inspecting the Street Rod. Any licensed Vermont Inspection Station may perform annual inspections of previously certified Street Rods.
2. Certified Street Rods currently registered in Vermont and displaying standard pleasure car or truck license plates will be issued Vermont "Street Rod" license plates for a replacement plate fee of \$20.00, in addition to any registration renewal fee due. A photocopy of a previously completed Certificate of Verification must be submitted along with a completed form VD-119.
3. If the original manufacturer's VIN cannot be verified or is not located in a place easily accessible to any law enforcement officer or inspection mechanic, a Vermont Assigned VIN shall be issued. The application for Vermont Assigned VIN (Form VT-003) must be made to the Department of Motor Vehicles. A Motor Vehicle Inspector or a certified street rod inspector must attach the VIN plate before the Certificate of Verification can be completed.
4. The VIN plate is to be attached either on the firewall or the door pillar post of the driver's side of the vehicle.
5. The following mechanics have been authorized by the Department of Motor Vehicles to inspect and verify that a vehicle qualifies to be registered as a street rod or street rod replica:
